# ABOUT

OLGA V is a private sailing yacht built in 2017 and has never been used for charter. She is designed with both performance and luxury in mind. Fully equipped with a generator, air conditioning, TV, and Wi-Fi connection, she will ensure your utmost comfort on board. In the galley, you will find a dishwasher, microwave, and barbecue, making meal preparation easier and helping to keep the space tidy.

The main distinctive feature of the Beneteau Oceanis Yacht is the wrap around line which is recognized by all. The Cockpit is covered in teak wood for a luxury finish and designed perfectly for the utmost comfort. The rear platform which opens up to the garage creates a lovely sundeck. The combination of sails were chosen with the help of experts in order to maximize the performance.

The interior is designed luxuriously with noble materials and beautiful woodwork and leather finishes. The separate living spaces of the boat also enjoy great privacy. OLGA V has 3 guest rooms, 2 cabins in the stern, both comfortable for 2 people with each their own bathroom, and a luxury master bedroom is in the bow with an en suite bathroom. The dining area in the saloon can also be converted into an additional bed for 2 guests.

The skipper will reside in a skipper cabin located in the bow of the yacht which has an external entrance.

Oceanis 62 – OLGA V is more than just a yacht—she's a lifestyle.

# CREW

**CAPTAIN ANTE**

He is an experienced maritime professional and educator with a diverse background spanning teaching, coaching, and yacht management. After working as a primary school teacher, he spent three years as a gymnastics coach before building a 15-year career as a professional skipper. He has extensive experience operating sailing yachts (up to 60 BT), catamarans (up to 50 BT), and motor yachts (up to 70 BT), including international yacht transfers across Italy and Malta.

He holds a degree from the Faculty of Kinesiology at the University of Zagreb and is fluent in English (C1 level). Known for excellent communication and mentoring skills, he combines strong leadership with deep knowledge of sailing areas and gastronomy, ensuring well-organized and high-quality cruise experiences. Through continuous involvement in the nautical industry, he stays up to date with trends and client expectations. He frequently collaborates with his wife, an experienced hostess and cook, to deliver a complete onboard service.
